TIME: 8AM TO 4PM**

**EMERGENCY SERVICES
TRAILER SAFETY**

The Sigel Volunteer Fire Department in cooperation with the Jefferson County Department of Emergency Services will be hosting an Emergency Services Trailer Safety course, to be held at the Sigel Volunteer Fire Department.

As a result of many emergency service operational changes, equipment that was never considered is now being moved with increasing frequency. Often this equipment is needed, but cannot be carried on traditional vehicles. To meet these demands, emergency service organizations are purchasing trailers to transport equipment. Trailers can solve these organizational issues, yet many departments lack the expertise or training to hook up and move a trailer. This program was developed to teach the emergency vehicle operator the proper techniques and procedures for towing a trailer.

Prerequisites for this course include: *None*
